

## Memorandum of Understanding

### *Company*

UTSA has committed to the Occupational Health and Safety Administration (OSHA) to initiate and promote an industry-wide safety enhancement program. Named the Laundry Safety Effective Solutions + Prevention program (Laundry Safety ESP), it is intended to reduce worker injuries and illnesses.

*Company* commits to voluntary participation in:

- **Safety Awareness Month**  
*(Including reinforcement training on the chosen safety topics. For 2008, these are: Safety Awareness, Lock-out/Tag-out, Confined Space, and Fall Protection.)*
- **Data Collection**  
*(Annual collection and compilation of incident data and reporting of accident prevention practices. UTSA will aggregate and analyze data submitted in ways that protect the confidentiality of each participating company and its information.)*
- **Safety Summit**  
*(Participants will be encouraged to send appropriate staff to an annual Safety Summit to foster discussion and interaction between presenters and participants on a variety of health and safety topics.)*
- **Safety Programs and Resources**  
*(Participants will be encouraged to utilize OSHA information, resources and/or voluntary programs.)*
- **Health and Safety Campaigns**  
*(Industry-specific health and safety campaigns will be developed and made available to participants.)*

By participating, *Company* will be eligible for the full range of association technical support, marketing and promotional materials. These materials may include: posters, fact sheets, lesson plans, PowerPoint presentations, suggested videos, public relations materials and media kits, and/or webinars.

*Company* will provide timely responses to UTSA regarding industry questionnaires and other data requests deemed necessary by the associations to assess the progress made by Laundry Safety ESP.
